

## Instructions for Haulier Collections

The follow guidance is to limit interactions and ensures we are complying with Social Distancing Procedures: -

- Driver to call **07976 188626** when at site entrance barrier
- Following site direction, driver to park in designated loading area on site
- Driver removes keys from ignition and places on view on the vehicle dashboard
- Driver to open curtains and return to his cab
- Expamet FLT driver loads vehicle
- Driver reviews loading and if there is a safety issue alerts the FLT driver
- Where the supplier driver is required to interact with staff member, social distance must **ALWAYS** be adhered to
- Driver completes relevant strapping, fastens curtains and departs site

Drivers have access to on site welfare facilities, prior to entering they must use hand sanitizer and wash their hands thoroughly after use. The facilities must be left clean and tidy.

**DON'T FORGET:**
